

WORKSHOP "GREEN GAMES"

Wednesday 27 November 2013,
from 14h to 17h

*Workshop for children, during which they will learn to make hand-made Christmas toys
from recycled materials.*

We propose an alternative way to prepare for Christmas! Instead of buying new toys, give your children (age 6 to 12) an opportunity to learn how to create and make their own original presents. Let's make our Christmas more personal and even more precious.

ICV L'Arcade

Prices: 25CHF - 1 workshop
70CHF - 4 workshops

Home-made Christmas cakes and drinks are included into the price.

Address

106, rue de Carouge
1205 Genève
(tram 12,
stops Augustins or Blanche)

**PLEASE CONFIRM YOUR
ATTENDANCE AT LEAST 48
HOURS BEFORE THE EVENT.**

Workshops will take place 4 Wednesdays before Christmas:
27 November, 4, 11 and 18 December.

Your children:

- will gain knowledge in a playful way about pollution and recycling issues;
- will increase their creativity, will learn how to make a toy/ decoration/ present by themselves all in an interesting and fun way;
- will create hand-made, recycled toys they can keep for themselves to play with or give as a Christmas present to somebody else.

The Green Games are part of the ecological GreenVoice program, initiated by the non-profit organisation ICVolunteers.
